A GLOBAL CALL TO END CORRUPTION

JOIN MILLIONS AROUND THE WORLD TO CALL ON THE LEADERS OF THE G20 (THE WORLD'S BIGGEST ECONOMIES) TO TAKE A LEAD IN STOPPING BRIBERY AND TAX AVOIDANCE, AND HELP DELIVER INTEGRITY AND JUSTICE IN GOVERNMENT AND BUSINESS.

To G20 leaders,

We call on you, as leaders of the world's largest economies, to take practical steps that promote greater transparency in the financial affairs of business, government and individuals. We are concerned that the tax evasion activities of some multinational companies and individuals, as well as the corrupt use of funds by government officials, are having adverse effects on the world's poorest people.

Please increase the ability of citizens worldwide to hold their own governments to account for the revenue they receive from taxes and all other payments, helping to ensure that resources are shared fairly and all people have the opportunity to flourish.
